HEDGEHOG

Do you remember meeting the hike-loving Adventurer in the first newsletter? Say hi to their friend **the Hedgehog**, who will bring you the introduction of our different hikes and the IST experience!

The Hedgehog is a nature guy through and through! When participating in a jamboree deep in the Estonian wilderness, a Hedgehog is the perfect companion to have. They are friends with animals and plants, not to mention fellow campers which makes them the **ultimate trail guide, hiker and survivalist**. As guides and scouts, the “Baltic Forest Festival” jamboree will be filled with them!

While a Hedgehog might be reserved and keep to themselves more, they are full of eternal fun facts and great stories. That’s why a Hedgehog makes **the perfect hiker or IST**.

A hedgehog loves that the Baltic Forest Festival is set somewhere where there’s lots to discover! Their favourite part might just be stargazing during the quiet hour, moving through the forest on their way to more calm, introspective activities and enjoying a hot tea in the participant cafe or IST subcamp.

HIKE

For the **regular hike**, participants will be split into **two age groups**. 11-13-year-olds will hike for about 14 kilometers, 14-15-year-olds for 18 kilometers.

The hike trail follows mostly forest paths and smaller gravel roads. All check-points are manned, in addition there are extra activities along the hike to gather extra points.

All groups have **10 participants**, a fantastic mix of Estonians, Latvians, Lithuanians, and other nationalities.

24H HIKE

The **24h hike** begins at the Tagametsa scouting campsite and ends at the Laose guiding campsite, with participants navigating with a given map with the intent of finishing in exactly 24 hours.

Each team has 5-6 members aged 16-17.

Everyone aged 16-17 is expected to participate, in exceptional cases it is possible to join the regular hike.

There are three exciting consecutive parts, **each 8 hours long**:

Biking

along even, but versatile terrain in the forest, on gravel roads and asphalt.

Canoeing

along the adventurous river Vigala, requiring great teamwork.

Hiking

on foot, which will mostly happen in the dark of the night using necessary safety gear.

IST EXPERIENCE

BALTIC 2026
JAMBOREE

Join the festival!

As an IST member, you'll be at the heart of the jamboree. Long before the first participant arrives, you'll join the **pre-camp crew**, helping to build the campsite and prepare everything for hundreds of young guides and scouts. You'll set the stage for an amazing event and discover the magic of creating something big together.

Once camp begins, **IST is everywhere:**

- Delivering exciting programme activities
- Keeping the campsite and participants safe
- Giving a helping hand in the kitchen
- Supporting maintenance and building projects that keep camp running smoothly

No two days are the same, but one thing is certain:

*You'll make a difference
every step of the way!*

WORK HARD, PLAY HARDER!

IST life isn't just about helping – it's also about having fun and making memories!

Sauna nights during pre-camp and after camp to relax and recharge.

Your very own **IST subcamp**, where you can chill, mingle, and make friends during the camp.

A little **getaway from camp**, giving you a chance to rest, explore, and give yourself a break.

And of course – the **big IST afterparty**, where we'll celebrate everything we've built together!

Join us at the Baltic forest festival!
