Dear Participant,

We write these introductory lines because in the following pages you will be able to appreciate the first data of this mega event. For those of us who are working in the organization of the event, it fills us with joy to know that this bulletin is the product of the first steps of this great dream.

There are many challenges ahead, but mainly many joys. The main important thing is to be able to meet all of us again. This event isn't just another camp, it's not just another Scout instance. It's the reflection of the 30th anniversary of our beloved movement.

Camps, in our humble understanding, are an experience where you can connect with nature, learn new skills and create unforgettable memories. In an airy environment, safe, away from the hustle and bustle and daily stress, you'll be able to relax, disconnect and enjoy moments of fun and adventure. Don't miss the opportunity to live this unique experience!

"With every step you take in nature, you're growing, learning and discovering your true strength. There are no limits that you can achieve when you trust yourself and work as a team! Keep exploring, keep growing, and never stop believing in yourself and your fellow Scouts!"

On behalf of the entire team, we hope that you have a camp full of unforgettable adventures and learnings!

Coordination Team.

WHY A NATIONAL JAMBOREE?

It's been eight years since we last met and all in San Gregorio de Polanco, where we were able to be part of the Tingó camp. Prior to this, we have held some national section camps. In addition, we had the January 2002 National Camp in Colonia del Sacramento. It's time to keep dreaming and planning more massive events where not only MSU Scouts can participate, but also more people from other organizations; even dreaming of international delegations. In 2024, the Scout Movement of Uruguay celebrates its 30th anniversary. 30 years of building stories, where we propose an educational project that prepare citizens for society; we bet on a world that can get better and better, as well as it's also time to keep showing society what we do. A camp is an instance of growth, learning, exchange. We want the educational proposal to be of quality, safe and attractive for everyone.

PURPOSE

Hold a National Jamboree in January 2025, with 2500 people, who can live the Scouting proposal in a different way, fulfilling with the educational guidelines that the MSU has. Celebrate 30 years of Scout Movement of Uruguay with an unforgettable celebration.

PLACE

Located in South America, Uruguay has coasts on the Atlantic Ocean. It borders Brazil in the north and northeast, Argentina in the west across the Uruguay River, the River Plate to the south and the Atlantic Ocean to the east. Uruguay has the International Airport of Carrasco (Ruta 101 Capitán Juan Antonio Artigas, Ciudad de la Costa, Department of Canelones).

Located in Maldonado, in the area of Sauce de Portezuelo, in front of Laguna del Sauce International Airport (Ruta Interbalnearia km 20.100), we can find a wooded green space with 120 hectares to enjoy all the activities that the camp can offer us. To the south, we find "Arroyo El Potrero", with calm water and suitable for bathing and enjoying activities there, in addition to having the coast in case of need.
