During the course of the entertainment, Lady Baden-Powell presented the prizes to the winners of the gymkhana and of the sports tournaments. The prizes were autographed copies of the Chief Scout's book, *Lessons from the Varsity of Life*, and signed photographs of him and the Chief Guide.

At the end of the camp fire we had some wonderful singing by the Welsh contingent, and they finished with Tallis's Canon:

BADEN-POWELL**

**T**his is the most vivid of all Autobiographies, for few, if any, men living have enjoyed a more adventurous life than Lord Baden-Powell. He tells of joyous escapades of school life, relates incidents of early soldiering days, stories of rowing, shooting, pig-sticking, big-game hunting, Scouting in Africa, fighting in the Matabele campaign, the siege of Mafeking, and the start of the Boy Scouts. Being full of suggestions to boys and young men, it should form a valuable and acceptable gift for them.

Launch Service between Ship and Shore will be announced on Blackboards after arrival.

The "CALGARIC" will sail from Oslo at 12 midnight,  
Friday, August 15th, 1933.

**IMPORTANT.**—Please keep this for reference and advise your Bedroom Steward when you finally return to the Ship.

#### Drinking Water, etc., in Foreign Ports.

Generally safe, but it is wise for the visitor to use one of the popular bottled waters, e.g., Evian, Perrier, etc. Also it is well to avoid uncooked vegetables and fruits except those which may be peeled, but, in any case, one must not be tempted, in hot weather, to eat them too freely as digestive troubles are apt to follow.

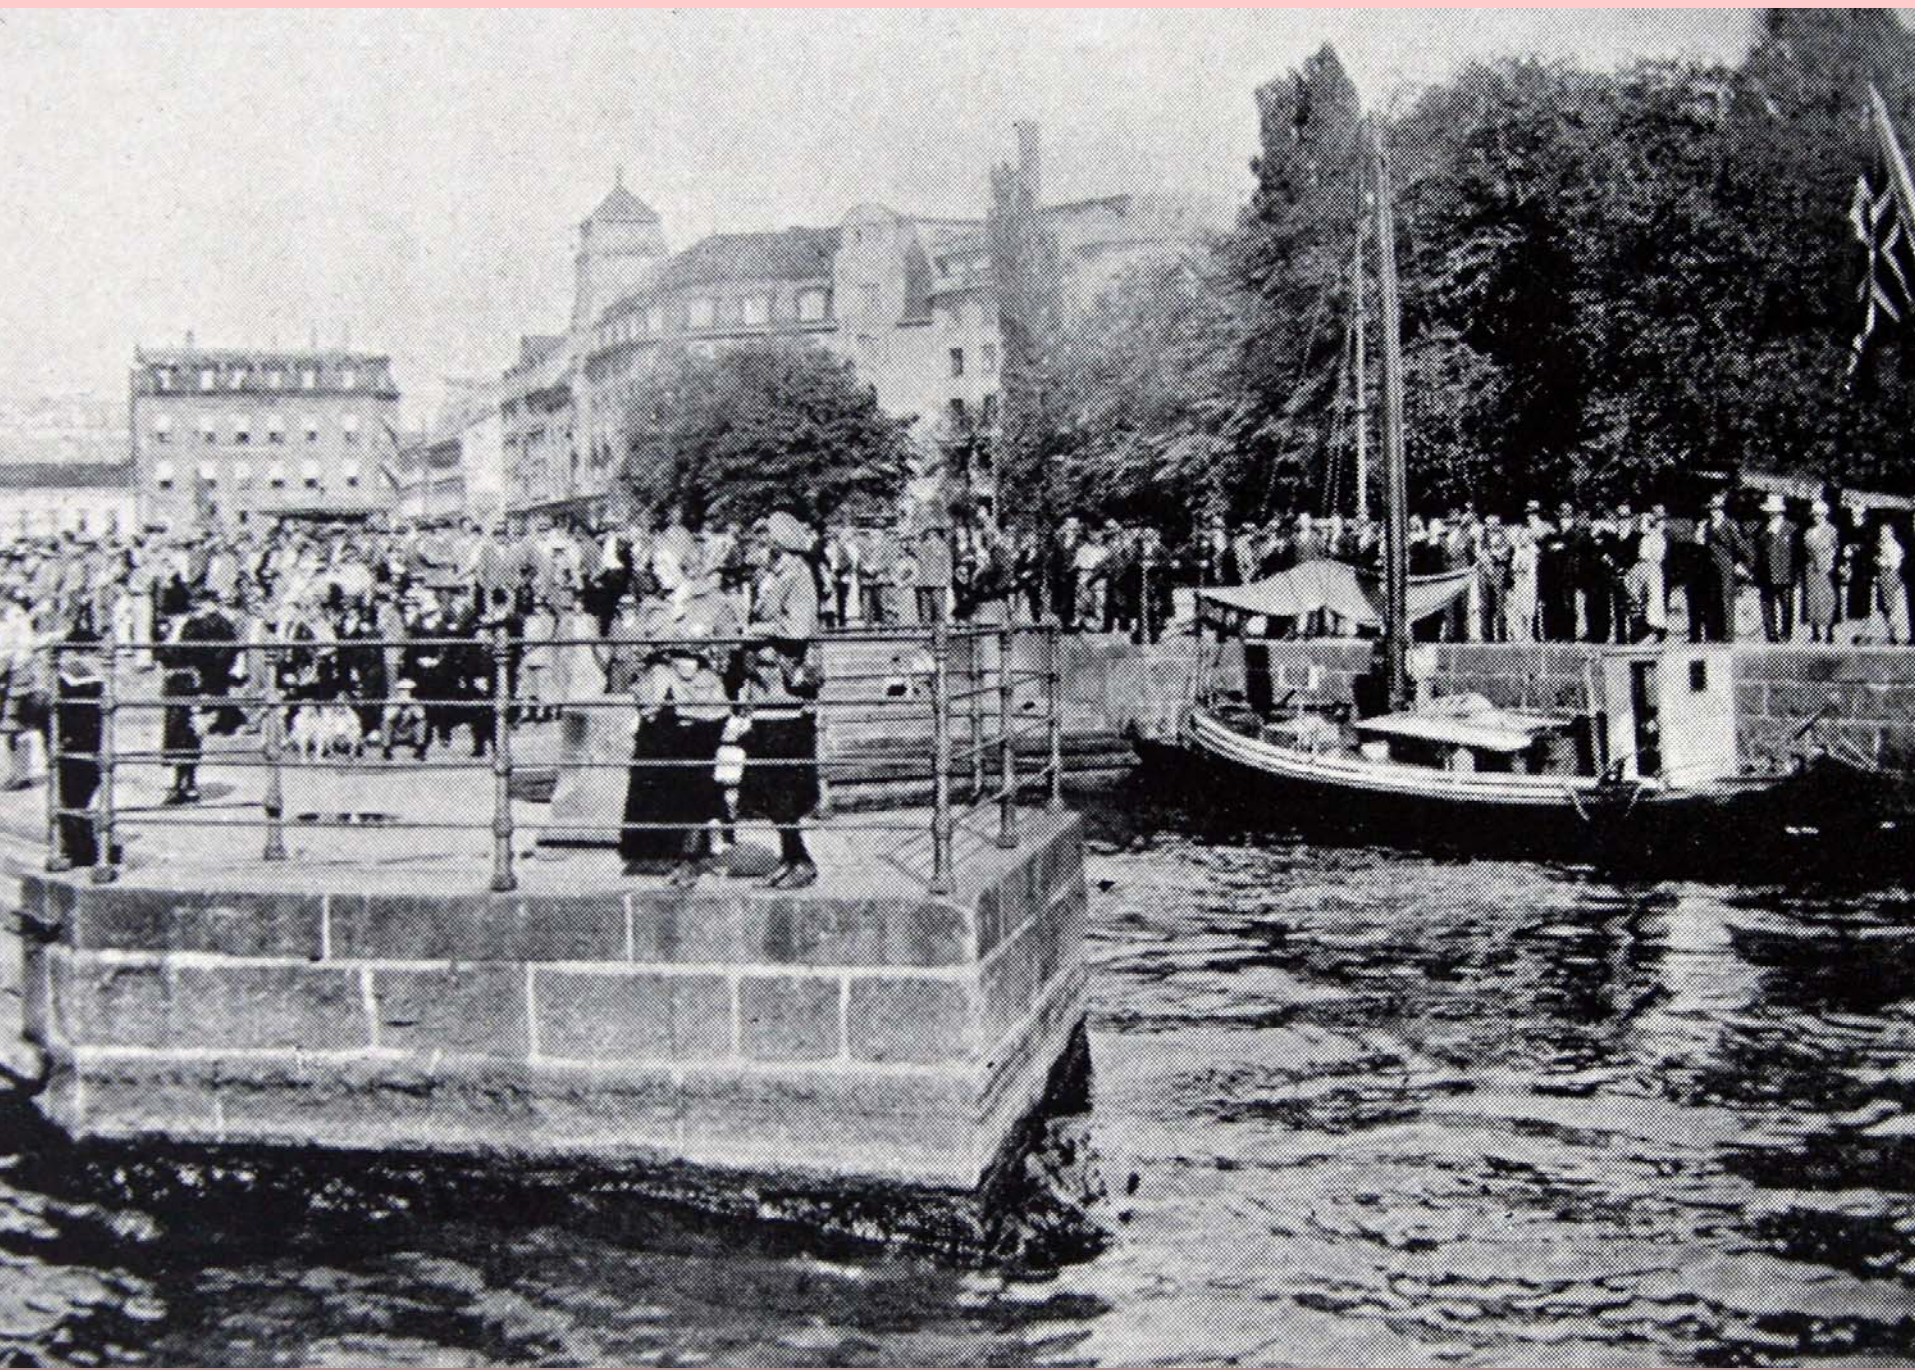

#### Sunbathing.

Swimmers tolerate five or ten minutes exposure to the sun for safety until you have acquired a tan, otherwise the result is almost sure to be a painful burn which you will not begin to feel until too late. Olive oil should never be used to protect sunburn. Cold cream or vasoline oil is much more effective, but the main thing is to avoid over-exposure.

#### Exchanging of Money.

Passengers desiring to change money on shore are advised in their own interests to do so through the official channels and not through unauthorized persons.
